## LARGE DEMANDS FOR WAR TROPHIES

New York, Aug. 19.—Thousands of war trophies brought from the battle fields of France for use during the Liberty Loan and other drives are being distributed at the warehouse of the French mission here. The material includes guns of all kinds used by the French, British and German, valise swords, cuirasses, shells and soldier equipment.

Large demands for trophies have come from inland cities, according to Major Jean Malye, director of the Bureau of Information, Direction Generale Des Services Francais Aux Etats Unis, now in this city.

One of the largest single collections, with the exception of that given to Washington for the National Museum, was presented to the Army and Navy Club of America. The trophies will be preserved in a suitable environment to be included in the plans for the new \$3,000,000 clubhouse that is to be erected in honor of the officers killed in the war.

The collection of fifty pieces is made up of cannon, flame throwers, trench mortars, machine guns, bayonets, rifles, swords, cuirasses, wire cutting machines, trench stoves, brassieres, gas masks, shells and shell baskets, marine signal flags and other interesting and valuable trophies. The selection was made by Captain Adian Duane Doty, U. S. Signal Corps, representing the club.

Tanks and German field pieces weighing from one ton to ten recently have been given to cities like Chicago, St. Louis, Chattanooga and others as far away as Texas.

A huge German listening post has been

given to Bloomfield, N. J., Montclair received a whippet tank, while the National Museum at Washington was awarded a large 16-made tank. Other valuable pieces were sent to Washington including an airplane, sample pieces of all the foreign artillery used during the war, uniforms and field equipment.

The prize of the collection, a Big Bertha, was claimed by Mt. Kisco, N. Y., and will be placed in a prominent position there. The State University of Baton Rouge, La., has requested the immediate shipment of a German anti-aircraft gun.

The Chicago collection was chosen by Colonel E. M. Marr. It will be shipped to that city within the next few days. Sergeant Fred Aneth, French Army, who has been in charge of the material for two years announced, an idea of the demands made for trophies, said, could be gained from the fact that more than 3,000 French helmets and an equal number of uniforms had been disposed of.

To various posts of the American Legion field pieces have been given. All requests are filed at the office of the director generale, 65 Broadway, before permission is given to inspect and select the trophies.

### CLARKS FALLS
